

RUDRAKSHA SINGH CHAUHAN

MERN Stack Developer | Java & DSA Enthusiast

☎ 8545800628 ✉ rudrakshasingh6@gmail.com 🔗 LinkedIn 🐙 GitHub 💻 LeetCode 📍 Unnao, India

PROFESSIONAL SUMMARY

MERN Stack Developer with hands-on experience in building scalable full-stack web applications using MongoDB, Express.js, React.js, and Node.js. Strong foundation in Data Structures & Algorithms with regular problem-solving practice on LeetCode. SIH-2025 Winner with proven teamwork, adaptability, and problem-solving abilities developed through high-pressure hackathon environments. Passionate about backend development, software engineering, and building impactful real-world applications.

EDUCATION

Bundelkhand Institute of Engineering and Technology | Jhansi Aug 2023 - Present
B.tech CGPA : 8.5

Kendriya Vidyalaya, Dahi Chauki, Unnao | Unnao Apr 2021 - May 2022
CBSE | Class XII Percentage : 83

PROJECTS

AI LEARNER HUB | Apr 2026 - May 2026

Role: Full Stack Developer

- Developed an AI-based learning platform for engineering students to explore technologies based on their interests.
- Created personalized learning recommendations and organized learning resources for different domains.
- Designed responsive frontend interfaces and integrated backend APIs for smooth user experience.
- Focused on improving accessibility to technical roadmaps, resources, and career guidance.
- Implemented JWT authentication and REST APIs for secure user management.

Technologies / Tools Used : React, Node.js, Express, MongoDB, Tailwind CSS, AI APIs

ALUMNI CONNECT PLATFORM Jul 2025 - Aug 2025

Role: MERN Stack Developer

- Built a MERN-based alumni networking platform to connect students with alumni for guidance and opportunities.
- Implemented features like user authentication, profile management, posting updates, and communication modules.
- Developed responsive UI and integrated MongoDB for managing user and alumni data.
- Improved interaction between students and alumni through a centralized platform.

Technologies / Tools Used : React, Node.js, Express, MongoDB, Tailwind CSS, Bootstrap

AIRBNB CLONE WEB APPLICATION Nov 2024 - Jan 2025

Role: Full Stack Developer

- Developed a full-stack Airbnb Clone web application with property listing and booking features.
- Built responsive user interfaces using React.js and Tailwind CSS.
- Implemented backend APIs using Node.js and Express.js for authentication and data handling.
- Integrated MongoDB database for storing users, listings, and booking information.
- Added features like user login/signup, property upload, image handling, and search functionality.

Technologies / Tools Used : React, Node.js, Express, MongoDB, Tailwind CSS

SKILLS

Databases :	MySQL, MongoDB, Firebase
Frameworks & Libraries :	React, Express, Node.js, Tailwind CSS, Redux, Bootstrap
Languages :	English, Hindi
Programming Languages :	C, Java, Python, JavaScript, TypeScript, SQL
Soft Skills :	Problem Solving, Critical Thinking, Adaptability, Communication, Teamwork
Tools & Platforms :	Git, GitHub, Docker, Render, VS Code, Postman

AWARDS & ACHIEVEMENTS

- SIH-2025 Winner for developing an innovative software solution in a national-level hackathon.
- Demonstrated teamwork, problem-solving, and full-stack development skills during the competition
- Solved 230+ Data Structures & Algorithms problems on LeetCode with strong consistency and regular contest participation.
